

DP-10

- * Fluid-free service for steam, air, water and oil
- * Small and compact, but large capacity
- * Vertical or horizontal installation is possible

Feature		Piston type / AC / Bronze / Screwed
Category		Solenoid valve
Type		Piston type
Specifications	Application	Steam , Air , Cold and hot water , Oil (20 cSt or below)
	Working pressure	0.05 - 1.0MPa
	Min. differential pressure	0.05 MPa
	Max. temperature	180 degree(C)
	Rated voltage	AC 110 / 220 V selective 50 / 60 Hz common
	Operation	Normally closed
	Connection	JIS Rc (PT)
Material	Body	Bronze
	Piston	Stainless steel
	Valve disc	PTFE

Size	L (mm)	H (mm)	Weight (kg)
10A(3/8)	70	119	1.2
15A(1/2)	70	119	1.2
20A(3/4)	80	126	1.4
25A(1)	95	133	1.8
32A(1 1/4)	110	155	2.6
40A(1 1/2)	120	162	3.2
50A(2)	140	177	5.1
